

Department of Arabic

<i>Course Code</i>	<i>Title of Courses</i>	<i>Course Outcome</i>
AR 1111.1	Communicative Arabic I	<p>CO 1: To perfect the mastery of Arabic with efficient communicative skills and expressive capabilities</p> <p>CO 2: To familiarize with situation language and situation vocabulary in the different domains of life.</p> <p>CO 3: To understand and acquire knowledge of employing the language in real life occasions.</p>
AR 1211.1	Communicative Arabic II	<p>CO 1: To perfect the mastery of Arabic with efficient communicative skills and expressive capabilities.</p> <p>CO 2: To familiarize with situation language and situation vocabulary in the different domains of life.</p> <p>CO 3: To understand and acquire knowledge of employing the language in real life occasions.</p>
AR 1311.1	Classical Arabic Literature	<p>CO 1: Understanding literary works and development as cultural and communicative events-different periods, genres and movements, literature and Society.</p> <p>CO 2: A general survey of the literature and evaluation of literary thought in classical Arabic.</p> <p>CO 3: Interface of literature and popular culture, arts, religion, nationalism and politics.</p> <p>CO 4: Analytical and indepth knowledge of the literary creations, authors and trends in classical period.</p> <p>CO 5: To estimate the scope of various genres of classical Arabic prose and poetry.</p>
AR 1311.1	Culture and Civilization	<p>CO 1: To enable the student to look critically at Kerala Culture and civilization.</p> <p>CO 2: To appreciate the cultural movements, religions, arts and other human perspectives.</p> <p>CO 3: To evaluate the development of Muslim Culture in Kerala.</p>

AR1111.2	Functional Arabic - I	<p>CO 1: To enrich the functional capabilities of learners in using Arabic as a Functional and Communicative language.</p> <p>CO 2: To perfect the mastery of Arabic with efficient communicative skills and expressive capabilities</p> <p>CO 3: To familiarize with situation language and situation vocabulary in the different domains of life.</p> <p>CO 4: To understand and acquire knowledge of employing the language in real life occasions.</p>
AR1211.2	Functional Arabic - II	<p>CO 1: To enrich the functional capabilities of learners in using Arabic as a Functional and Communicative language.</p> <p>CO 2: To perfect the mastery of Arabic with efficient communicative skills and expressive capabilities</p> <p>CO 3: To familiarize with situation language and situation vocabulary in the different domains of life.</p> <p>CO 4: To understand and acquire knowledge of employing the language in real life occasions.</p>

MANNANIYA COLLEGE OF ARTS AND SCIENCE, PANGODE
SYLLABUS AND OUTCOME (2014 ADMISSIONS)
BCOM- CO-OPERATION

SEMESTER 1

Course Title	Course Code	Aim of the course	Outcome
ENVIRONMENTAL STUDIES	CO 1121	To develop knowledge and understanding of the environment and enable the students to contribute towards maintaining and improving the quality of the environment.	1. To enable the students to acquire basic ideas about environment and emerging issues about environmental problems. 2. To give awareness about the need and importance of environmental protection
METHODOLOGY AND PERSPECTIVES OF BUSINESS EDUCATION	CO 1141	To provide the methodology for pursuing the teaching learning process with a perspective of higher learning in business education.	1.To understand business and its role in society. 2.To understand entrepreneurship and its heuristics 3.To comprehend the business environment 4.To enable the students to undertake business activities 5.To provide a holistic, comprehensive and integrated perspective to business education
FUNCTIONAL APPLICATION OF MANAGEMENT	CO 1142	To give an understanding on the functional application of management Course objectives: To familiarise the students with various aspects of organizational management .	1. To equip learners with knowledge of management concepts and their application in contemporary organizations 2. To facilitate overall understanding of the different dimensions of the management process.
MANAGERIAL ECONOMICS	CO 1131	To acquaint the students with the application of economics in managerial decision making.	1. To familiarise students with the economic principles and theories underlying various business decisions. 2. To equip the students to apply the economic theories in different business situations

SEMESTER 2

INFORMATICS AND CYBER LAWS	CO 1221	To update and expand informatics skills and attitudes relevant to the emerging knowledge society and to equip the students to effectively utilise the digital knowledge resources for business studies.	1. To review the basic concepts and fundamental knowledge in the field of informatics. 2. To create awareness about the nature of the emerging digital knowledge society and the impact of informatics on business decisions. 3. To create an awareness about the cyber world and cyber regulations.
BUSINESS COMMUNICATION AND OFFICE MANAGEMENT	CO 1241	To explore the talents in business communication and enable the students to understand the appointment and role of a Company Secretary in business.	1.To develop communication skills among students relevant to various business situations 2.To impart knowledge on the management of Modern Offices
FINANCIAL ACCOUNTING	CO 1242	To impart knowledge and understanding of the principles and concepts of financial accounting and develop the skill required for the preparation of financial statements and accounts of various business areas	1. To familiarize the students with Accounting Standards 2. To equip the students to prepare the accounts of special business areas.
BUSINESS REGULATORY FRAMEWORK	CO1231	To acquaint the students with the legal framework influencing business decisions and operations.	1. To provide a brief idea about the framework of Indian business Laws 2. To enable the students to apply the provisions of business laws in business activities 3. To motivate the students to take up higher studies in business Laws

SEMESTER 3

ENTREPRENEURSHIP DEVELOPMENT	CO 1341	To equip the students to have a practical insight for becoming an entrepreneur	1. To familiarize the students with the latest programmes of Government in promoting small and medium industries. 2. To impart knowledge regarding starting of new ventures.
COMPANY ADMINISTRATION	CO 1342		1. To familiarize the students about the salient provisions of Indian Companies Act 2013. 2. To acquaint the students with Management and Administration of Companies, Compliance requirements, investigation into the affairs of the company and Winding up procedure.
ADVANCED FINANCIAL ACCOUNTING	CO 1343	To equip the students with the preparation of accounts of various business areas.	1. To create awareness of accounts related to dissolution of partnership firms. 2. To acquaint students with the system of accounting for different branches and departments. 3. To enable students to prepare accounts of consignments and joint venture.
PRINCIPLES OF CO-OPERATION	CO 1361.2	To give knowledge about the development of co-operative movement in India and abroad	1. To inculcate the principles of co-operation among the students. 2. To acquaint the students with the management and working of co-operatives.
INFORMATION TECHNOLOGY IN BUSINESS	CO 1331	To expose the students to the innovations in information technology and its potential application in business.	1. To review the basic concepts and functional knowledge in the field of IT 2. To expose the students to computer application in the field of Business.
SEMESTER -4			
CAPITAL MARKET	CO 1441	To provide an in-depth knowledge on Capital Market	1. To provide the students with a clear-cut idea about the functioning of Indian Capital Market
BANKING THEORY AND PRACTICE	CO1442	To expose the students to the changing scenario of Indian banking	1. To provide a basic knowledge about the theory and practice of banking 3. To familiarize the students with the changing scenario of Indian Banking
CORPORATE ACCOUNTING	CO 1443	To expose the students to the accounting practices prevailing in corporate.	1. To create awareness about corporate accounting in conformity with the provisions of Companies Act, IAS and IFRS. 2. To enable the students to prepare and interpret financial statements of joint stock companies.
CO-OPERATIVE MANAGEMENT AND ADMINISTRATION	CO 1461.2	To provide knowledge about the system of management and administrative set up of co-operatives.	1. To familiarise the students with the principles and practice of co-operative management and administration. 2. To enable the students to identify the issues in the process of management and administration of co-operatives.
BUSINESS STATISTICS	CO 1431	To develop the skill for applying appropriate statistical tools and techniques in different business situations.	1. To enable the students to gain understanding of statistical techniques those are applicable to business. 2. . To enable the students to apply statistical techniques for quantification of data in business
SEMESTER 5			

FUNDAMENTALS OF INCOME TAX	CO – 1541	To impart basic knowledge and understanding of the concepts and practices of Income Tax law in India.	1. To familiarize the students about the fundamental concepts of Income Tax. 2. To enable the students to acquire the basic skills required to compute the tax liability of individual assessee with more emphasis on Income from Salaries and Income from House property.
COST ACCOUNTING	CO 1542	To impart knowledge of cost accounting system and acquaint the students with the measures of cost control.	1. To familiarize the students with cost and cost accounting concepts 2. To make the students learn cost accounting as a distinct stream of accounting
ACCOUNTING FOR SPECIALISED INSTITUTION	CO 1543	To develop the skill for the preparation of final accounts of specialised institutions and enable the students to acquire professional competence in accounting.	1. To familiarise the students with the accounting practices prevailing in various specialised institutions. 2. To acquaint the students with the preparation of final accounts of the specialized institutions.
CO-OPERATIVE LEGAL SYSTEM	CO 1561.2	To give knowledge of the legal system prevailing in India for the management and administration of co-operatives.	1. To give an insight into the prevailing co-operative legal system. 2. To enable the students to understand the legal framework of co-operation.
SEMESTER 6			
AUDITING	CO 1641	The acquaint the students with the principles and practice of auditing	1. To familiarise the students with the principles and procedure of auditing. 2. To enable the students to understand the duties and responsibilities of auditors
APPLIED COSTING	CO 1642	To develop the skill required for the application of the methods and techniques of costing in managerial decisions.	1. To acquaint the students with different methods and techniques of costing. 2. To enable the students to apply the costing methods and techniques in different types of industries.
MANAGEMENT ACCOUNTING	CO 1643	To develop professional competence and skill in applying accounting information for decision making.	1. To enable students to acquire sound knowledge of concepts, methods and techniques of management accounting 2. To enable the students to have a thorough knowledge on the management accounting techniques in business decision making.
CO-OPERATIVE ACCOUNTING	CO 1661.2	To impart knowledge about the system of maintaining books and accounts in cooperatives and to develop the skill in undertaking co-operative audit.	1. To familiarise the students with the special features of accounting and audit in co-operatives. 2. To enable the students to understand the procedures of co-operative audit.

MANNANIYA COLLEGE OF ARTS AND SCIENCE, PANGODE
SYLLABUS AND OUTCOME (2018 ADMISSIONS)
BCOM- TRAVEL AND TOURISM MANAGEMENT

SEMESTER – I

Course Title	Course Code	Aim of the course	Outcome
METHODOLOGY AND PERSPECTIVES OF BUSINESS EDUCATION	TT1121	To provide the methodology for pursuing the teaching learning process with a perspective of higher learning in business education.	1. To create a basic awareness about the business environment and the role of business in economic development. 2. To provide a holistic, comprehensive and integrated perspective to business education 3. To give a fundamental understanding about ethical practices in business.
ENVIRONMENTAL STUDIES	TT1141	To develop knowledge and understanding of the environment and enable the students to contribute towards maintaining and improving the quality of the environment.	1. To enable the students to acquire basic ideas about environment and emerging issues about environmental problems. 2. To give awareness about the need and importance of environmental protection
TOURISM PRINCIPLES AND PRACTICES	TT 1171	To familiarize students with the basic concepts of tourism and the impact of tourism	To introduce the basic concepts of tourism 2. To give an insight into the impact of tourism. 3. To create an awareness about the role of various organizations of tourism in tourism promotion

SEMESTER – II

INFORMATICS AND CYBER LAWS	TT1221	To update and expand informatics skills and attitudes relevant to the emerging knowledge society and to equip the students to effectively utilize the digital knowledge resources for business studies	To review the basic concepts and fundamental knowledge in the field of informatics. 2. To create awareness about the nature of the emerging digital knowledge society and the impact of informatics on business decisions. 3. To create awareness about the cyber world and cyber regulations.
FINANCIAL ACCOUNTING	TT1241		To familiarize the students with different methods of depreciation. 2. To equip the students to prepare the accounts of specialised business enterprises.
EMERGING TRENDS IN TOURISM	TT 1271	To enable the students to understand the recent trends in tourism aspects pertaining to e-tourism, event and conference or Convention Management	To familiarise the students with the different aspects of event management 2. To enable the students to understand the concept of MICE.

SEMESTER – III

MANAGEMENT CONCEPTS AND THOUGHT	TT 1341	To provide a comprehensive perspective on management theory and practice	To equip learners with knowledge of management concepts and their application in contemporary organizations 2) To facilitate overall understanding of the different dimensions of the management process.
ADVANCED FINANCIAL ACCOUNTING	TT1342-	To equip the students with the preparation of accounts of various business areas.	To create awareness of accounts related to dissolution of partnership firms. 2. To acquaint students with the system of accounting for different branches and departments. 3. To enable students to prepare accounts of consignments.
TOURISM MARKETING	TT 1371	To give knowledge about the various concepts of marketing and tourism marketing.	To introduce tourism products To explain the various marketing strategies. To provide knowledge on the role of media in marketing.
TOURISM REGULATIONS	TT 1372		To give the students a general awareness about laws relating to tourism.

SEMESTER – IV

BUSINESS REGULATORY FRAMEWORK	TT1441	To acquaint the students with the legal framework influencing business decisions and operations.	1. To provide a brief idea about the framework of Indian business Laws 3. To motivate the students to take up higher studies in business Laws 2. To enable the students to apply the provisions of business laws in business activities
-------------------------------	--------	--	---

BANKING AND INSURANCE	TT 1442	To expose the students to the changing scenario of Indian banking and Insurance.	1. To provide a basic knowledge about the theory and practice of banking 2. To provide a basic understanding of Insurance business . 3. To familiarize the students with the changing scenario of Indian Banking and Insurance.
TOURISM PRODUCTS	TT 1471		1.To give a description about the natural products and manmade products. 2.To give an insight into the natural resources of India.
TOUR GUIDING AND ESCORTING	TT 1472		To provide an in-depth knowledge about the profession of tour guiding and escorting.
<u>SEMESTER – V</u>			
ENTREPRENEURSHIPDEVELOPMENT	TT1541	To equip the students to have a practical insight for becoming an entrepreneur	1. To familiarize the students with the latest programmes of Government in promoting small and medium industries. 2. To impart knowledge regarding starting of new ventures.
COST ACCOUNTING	TT 1542	To impart knowledge of cost accounting system and acquaint the students with the measures of cost control.	1. To familiarize the students with cost and cost accounting concepts 2. To make the students learn cost accounting as a distinct stream of accounting
MARKETING MANAGEMENT	TT 1543	To impart the knowledge of various conceptsof modern marketing management	1) To provide an understanding of the contemporary marketing process in the emerging business scenario. 2) To study various aspects of application of modern marketing techniques for obtaining a competitive advantage in business organizations.
SUSTAINABLE TOURISM MANAGEMENT	TT 1571		1.To provide an in-depth knowledge about sustainable tourism management. 2.To familiarise students with the techniques and approaches for sustainable tourismmanagement.
HOSPITALITY MANAGEMENT	TT 1572		1. To familiarise the students with various types of accommodation. 2. To familiarise the students with various business activities in the accommodation segment.
<u>SEMESTER – VI</u>			
AUDITING	TT1641	The acquaint the students with the principles and practice of auditing	1. To provide students the knowledge of auditing principles, procedures and techniques in accordance with current legal requirements and professional standards. 2. To familiarize students with the audit of Companies and the liabilities of the auditor.
APPLIEDCOSTING	TT1642	To develop the skill required for the application of the methods and techniques of costing in managerial decisions.	1. To acquaint the students with different methods and techniques of costing. 2. To enable the students to apply the costing methods and techniques in different types of industries.
MANAGEMENTACCOUNTING	TT1643	To develop professional competence and skill in applying accounting information for decision making.	1. To enable students to acquire sound knowledge of concepts, methods and techniques of management accounting. 2. To make the students develop competence with management accounting usage in managerial decision making and control.
TRAVEL AGENCY, TOUR OPERATION AND AIRLINE MANAGEMENT	TT 1671		1. To impart knowledge about the inner working mechanism of the travel agency. 2. To provide various skills necessary for tour operation business.
ACCOUNTING FOR TOURISM ORGANIZATIONS	TT 1672		1. To familiarize students with the basic accounting concepts in tourism industry and to provide the skills in preparing accounts in tourism organizations.

Department of Chemistry		
Programme offered		B.Sc Chemistry
B.Sc Chemistry		
Programme Outcome		<p>PO 1: Understand the basic concepts of chemical sciences and enable them with tools needed for the practice of chemistry.</p> <p>PO 2: Students should be able to interpret and analyse quantitative data, they should be able to recognize and apply the principles of atomic and molecular structure to predict chemical properties and chemical reactivity.</p> <p>PO 3: To know the role of chemistry in nature and society.</p> <p>PO 4: To be exposed to different techniques used in research and their applications.</p>
Course code	Course Name	Course Outcome
CH1141	Inorganic Chemistry I	<p>CO 1: The course helps the students to understand the structure of atom, periodicity and non aqueous solvents.</p> <p>CO 2: The student will be able to appreciate how the inner structure of elements dictates the chemical properties of the elements and also how the elements are arranged in the periodic table.</p> <p>CO 3: The students will learn the properties and application of s-block elements, the H atom and their compounds</p>
CH1221	Methodology and Perspectives of Sciences and General Informatics	<p>CO 1: The students will get a basic understanding to do self directed experimentation work and research in chemistry under the guidance of and supervision of a mentor.</p> <p>CO 2: The student should be able to write the research projects, its implementation and presentation of the outcome. Also how to overcome the difficulties posed during experiments, handling different reactions and analytical methods etc.</p> <p>CO 3: Analytical chemistry helps the students to understand about the experimental parts of the theory and safety measures which could follow when doing experiments using chemicals.</p>
CH1341	Inorganic Chemistry II	<p>CO 1: The course provide a fundamental to detailed knowledge in chemical bonding and compounds of non transition elements and gives an elementary idea about nano materials.</p> <p>CO 2: The student will also get a strong idea about nuclear chemistry.</p>
CH1441	Organic Chemistry I	<p>CO 1: The student should get an idea about the behaviour of aliphatic and aromatic compound and the fundamental concepts about reaction mechanism of organic compounds.</p> <p>CO 2: The course provides an insight in to stereochemical aspects, photochemical reactions and</p>
CH1442	Inorganic Qualitative Analysis	<p>CO 1: The students will get idea about the systematic qualitative analysis by microscale methods of a mixture containing two acidic and two basic radicals.</p> <p>CO 2: Get an idea about identification and conformation of mixtures</p>
CH1541	Physical Chemistry I	<p>CO 1: Upon completion of this course, the students will gain an exposure and practice in the areas of physical chemistry.</p> <p>CO 2: The students are able to get concepts about gas, liquid properties and principles of thermodynamics</p>
CH1542	Inorganic Chemistry III	<p>CO 1: This course helps the students to learn the important multidisciplinary areas of bio inorganic chemistry and organometallic chemistry.</p> <p>CO 2: The students will gain a thorough understanding of the classification of several organometallic reactions and able to identify the applications of organometallic compounds.</p> <p>CO 3: This also helps the students about analytical methods and techniques and general principle of</p>

CH1543	Organic Chemistry II	CO 1: The students will get an interesting idea about the preparation and properties , mechanism and reactions of many organic conversions. CO 2: Students will also get sufficient knowledge to interpret spectrum of organic compounds. CO 3: Students will familiarise the novel areas of organic chemistry- the Supramolecular Chemistry.
CH1544	Inorganic volumetric analysis	CO 1: The students will get idea about the systematic qualitative analysis by microscale methods of a mixture containing two acidic and two basic radicals. CO 2: Get an idea about identification and confirmation of mixtures. CO 3: The students will be experienced in inorganic preparations. CO 4: The students will get an exposure about acidimetry, alkalimetry, permanganometry etc.
CH1545	Physical chemistry experiments)	CO 1: The students will be experienced in the determination of partition coefficient of iodine between CCl ₄ and water, critical solution temperature of phenol -water system, conductometric titrations, potentiometric titrations, calorimetric experiments, kinetics of ester hydrolysis etc.
CH1551.3	Environmental Chemistry	CO 1: This course helps the students to learn the important multidisciplinary areas of Environmental Chemistry. CO 2: The students will gain a thorough understanding of the different types of pollutions such as Air, water, soil and radio active pollutions. CO 3: The students will get an insight in to different environment related disasters.
CH1641	Physical Chemistry II	CO 1: The students will explain and apply the concepts of thermodynamics, quantum mechanics and Spectroscopy to chemical, physical and biochemical systems. CO 2: Students will also be able to derive essential mathematical relationships. CO 3: The student will evaluate physical and chemical systems by non-spectroscopic techniques.
CH1642	Organic Chemistry III	CO 1: The students will get an idea about the preparation ,properties and mechanism of organic reactions. CO 2: The students get an idea about carbohydrates, aminoacids, proteins, nucleic acids,
CH1643	Physical Chemistry III	CO 1: The students learn the basics of electrochemistry and its application to modern industry and technology. CO 2: The course provides the different types of reactions and the various factors that determine the rate of the reactions.
CH1644	Organic chemistry experiments	CO 1: The students should be able to develop laboratory skills. CO 2: Apply principles of separation and isolation of organic compounds
CH1645	Gravimetry	CO 1: Gravimetry gives the basic concepts of analytical methods. CO 2: Also get idea about the precipitation coprecipitation and post precipitation possibilities.
CH1651.3	Polymer Chemistry	CO 1 Polymer chemistry gives idea about the chemistry of Macromolecules. CO 2 : The students will get an idea about the method of preparations of Polymers. CO 3: Students will also familiarise with the different experimental methods of Polymerization.
CH1646	Project and Factory visit	CO 1: The students should develop an aptitude for research in chemistry, learn research methodology and literature search. To inculcate proficiency to identify appropriate research topic and presentation.

Department of History		
Course Code	Title of Courses	Course Outcome
HY 1131.1	History of Modern India (1857-1900)	CO 1: To highlight the importance of revolt of 1857 which marked the beginning of far-reaching changes in the history of India CO 2: To make awareness among the students about the background of Indian Nationalism CO 3: To trace the significance of soci-religious reform movements in Modern India CO 4: To understand the history of renaissance in India
HY 1231.3	History of Modern India (1901-1920)	CO 1: To review the factors which led Indian National Congress into crises CO 2: To Highlight the impact of First World War on Indian Nationalism CO 3: To help students to trace advent of Gandhi in Indian freedom struggles CO 4: To familiarize students about Gandian Ideologies
HY 1331.5	History of Modern India (1921-1947)	CO 1: To understand the concept of Non-Cooperation CO 2: To highlight the emergence of socialist ideas in Indian Nationalism CO 3: To analyse India's steps towards freedom CO 4: To assess the impact of World War II in India's freedom struggle
HY 1431.7	History of Contemporary India (After 1948)	CO 1: To familiarize students about Nehruvian era CO 2: To review India's role in world affairs CO 3: To understand the political developments in Post-Nehruvian period CO 4: To know the role of women's movements and tribal movements in the formation of contemporary India

Department of Linguistics

Programme offered		B.A. Islamic History
Programme Outcome		PO 1: Enable the students to realize the significance of History as a comprehensive social science discipline. PO 2: To provide information about History of Modern India, 1900-1920 and Contemporary India after 1948.
Course Code	Title of Courses	Course Outcome
LN 1131	General Linguistics	CO 1: Give an introduction about Linguistics as Science and give an idea about origin and development of language. CO 2: To provide information about language varieties CO 3: An idea about systems of classification of language, genetic classification and typological classification. CO 4: To familiarise Linguistics, general and applied.
LN 1331	Phonetics and Phonology	CO 1: To introduce an awareness about Phonetics, definition, nature and scope. CO 2: It also gives an idea about the classification and description of speech sounds. CO 3: To give an idea to Phonology, definition, phone, phoneme, allophone and contrastive distribution and complementary distribution. CO 4: To provide information about Phonotactics, clusters, diphthongs, syllable, structure.
LN 1231	Morphology, Syntax and Semantics	CO1: To introduce basic concepts in word structure, sentence structure and meaning CO2: To introduce morphological process CO3: To understand how sentences are
LN 1431	Applied Linguistics	CO1: To identify and investigate the application of Linguistics in various fields CO2: To study about Historical and comparative Linguistics CO3: To familiarize the students about Lexicography,

MANNANIYA COLLEGE OF ARTS AND SCIENCE, PANGODE
SYLLABUS AND OUTCOME (2018 ADMISSIONS)

MCOM

SEMESTER – I

Course Title	Course Code	Outcome
BUSINESS ETHICS AND CORPORATE GOVERNANCE	CO 211	1. To convey basic understandings on the theories of Business Ethics 2. To provide a understanding on Corporate Governance practices and the provisions of the Companies Act relating to corporate governance
LEGAL FRAMEWORK FOR BUSINESS	CO 212	1. To enable student acquire updated knowledge and develop understanding of the regulatory framework for business 2. To make students aware of opportunities available in various legal compliances so as to enable them employable. 3. To expose students in emerging trends in good governance practices including governance.
RESEARCH METHODOLOGY	CO 213	1. To provide an insight into the fundamentals of social science research. 2. To understand the need, significance and relevance of research and research design. 3. To acquire practical knowledge and required skills in carrying out research.
PLANNING AND DEVELOPMENT ADMINISTRATION	CO 214	1. To generate an overall insight on planning process in Indian Economy 2. To make the students aware about new planning initiatives in India
ADVANCED CORPORATE ACCOUNTING AND REPORTING	CO 215	1. To acquaint the students about important accounting standards 2. To gain ability to prepare financial statements including consolidated financial statements of group companies and financial reports of various types of entities by applying relevant accounting standards. 3. To expose the students to advanced accounting issues and practices such as insurance claims, investment accounting and liquidation of companies.

SEMESTER – II

E-BUSINESS & CYBER LAWS	CO 221	1. To equip the students with the emerging trends in business 2. To equip the students to introduce and explore the use of information technology in all aspects of business. 3. To familiarise with the students cyber world and cyber regulations
STRATEGIC MANAGEMENT	CO 222	1. To create a conceptual awareness on various strategies. 2. To familiarise students with the formulation, implementation and evaluation of strategies
QUANTITATIVE TECHNIQUES AND FINANCIAL ECONOMETRICS	CO 223	1. To impart expert knowledge in the application of Quantitative Techniques and Business Econometrics in research. 2. To impart knowledge in the use of SPSS in processing and analysis of data.
INTERNATIONAL BUSINESS	CO 224	1. To introduce the concept of international business and to create awareness on the changes in the international business arena
INVESTMENT MANAGEMENT	CO 225	1. To provide a general understanding about investment avenues and personal finance. 2. To give a broader understanding about behavioural finance and how it equip to decide personal investment.

SEMESTER – III

INCOME TAX PLANNING AND MANAGEMENT	CO 231U	1. To impart deep knowledge about the latest provisions of Income Tax Act 2. To develop application and analytical skill of the provisions of Income Tax Law for Income Tax planning and Management.
SECURITY ANALYSIS AND PORTFOLIO MANAGEMENT	CO 232F	1. To provide a comprehensive understanding on the principles of security analysis and develop the skill in portfolio management. 2. Equip the students to value the real worth of securities.
INTERNATIONAL FINANCIAL MANAGEMENT	CO 233 F	1. To familiarise the students with the international financial markets and instruments. 2. To convey an understanding about foreign exchange risk management
STRATEGIC COST AND MANAGEMENT ACCOUNTING	CO 234F	(i) To comprehend and familiarize the established techniques, methods and practices in Strategic Cost and Management Accounting to the students. (ii) To introduce the evolving Strategic approaches and techniques in Cost and Management field and to developed industrial behaviour among the students in the emerging business areas.

SEMESTER – IV

GOODS AND SERVICE TAX & CUSTOMS DUTY- LAW AND PRACTICE	CO 241W	1. To gain expert knowledge of the principles and law relating to Goods and Service Tax and Customs Act. 2. To impart skill in applying and analysing the provisions of Goods and Service Tax Act and Customs Act in handling practical situations.
RISK MANAGEMENT AND DERIVATIVES	CO 242F	1. To understand the risk management process and its application 2. To give a broader awareness on derivatives and its applications
ACCOUNTING STANDARDS	CO 243F	To acquaint the students to understand the structure, process and organizational set up involved in evolving accounting standards in India. To enable the students to apply some key standards while preparing and presenting the financial statements Course.
MANAGEMENT OPTIMIZATION TECHNIQUES	CO 244S	1. To convey basic principles and application of optimization tools of resource utilization. 2. To provide an insight into optimal project implementation Techniques under deterministic and probabilistic conditions.

Department of Mathematics

Programme offered

B.Sc Chemistry complementary Mathematics

B.Sc Chemistry complementary Mathematics

Programme Outcome		<p>PO1: apply mathematical or computational techniques to areas outside of mathematics. Graduates will extract mathematically relevant information from data, test hypotheses and assumptions, and formulate logical conclusions using mathematical analysis.</p> <p>PO2: independently extend mathematical ideas and arguments from previous coursework to a mathematical topic not previously studied.</p> <p>PO3: be able to explain the core ideas and techniques of mathematics at the college level</p>
Course code	Course Name	Course Outcome
MM 1131.2	Differentiation and Matrices	<p>CO1: Apply Mathematical methods to chemistry</p> <p>CO2: Introducing some basic math concepts</p> <p>CO3: Understand the idea of limits, continuity and differentiation</p> <p>CO4: Understand the concept of power series and its convergence</p> <p>CO5: Understand the calculus of functions of several variables</p> <p>CO6: Solve system of linear equations</p> <p>CO7: Determine eigenvalues and eigenvectors and solve eigenvalue problems</p>
MM 1231.2	Integration, Differential Eqs. and Analytic Geometry	<p>CO1: Apply Integral calculus and vectors to problems in chemistry</p> <p>CO2: Use integration to find the area and volume of a surface of revolution</p> <p>CO3: Evaluate multiple integrals</p> <p>CO4: Solving first order and second order linear differential equations</p> <p>CO5: Identify the Equations of different types of conics in Cartesian and polar coordinates and sketch them</p>
MM 1331.2	Theory of Eqs. and Vector Analysis	<p>CO1: To evaluate line integrals and surface integrals</p> <p>CO1: To explain Greens, Stokes and Divergence theorem</p> <p>CO1: To explain Fundamental theorem of algebra</p> <p>CO1: To solving polynomial equations</p>
MM 1431.2	Abstract Algebra and Linear Transformations	<p>CO1: Acquire fundamental concept of Group theory</p> <p>CO2: Enhance capacity for mathematical reasoning</p> <p>CO3: Develop problem solving skill</p> <p>CO4: Students can connect the theory of groups to problems in other discipline</p>
2018 Admission		

MM 1131.2	Calculus with application Chemistry I	CO1: Apply Mathematical Methods to Chemistry CO2: Introduction about calculus CO3: Understand the concept of various type of differentiation CO4: Understand the idea of complex numbers and hyperbolic function CO5: To solving the various type of problems CO6: Understand the concept of vector algebra CO7: Understand the concept to integrations.
MM 1231.2	Calculus with application Chemistry II	CO1: Understand the concept of partial differentiation CO2: Understand the concept of infinite series and limits CO3: Explain the idea about vector differentiation CO4: Explain the idea of multiple integral and solving problem.

B.Sc Chemistry complementary Physics

Programme Outcome		<p>PO 1: Provide a solid foundation in all aspects of physics and to show a broad spectrum of modern trends : in physics and to develop experimental, computational and mathematical skills of students. The syllabi are framed in such a way that it bridges the gap between the plus two and post graduate levels of physics by providing a more complete and logical framework in almost all areas of basic physics.</p> <p>PO 2: Provide education in physics of the highest quality at the undergraduate level and generate graduates of the caliber sought by industries and public service as well as academic teachers and researchers of the future.</p> <p>PO 3: Attract outstanding students from all backgrounds.</p> <p>PO4: Provide an intellectually stimulating environment in which the students have the opportunity to develop their skills and enthusiasms to the best of their potential.</p> <p>PO 5: Maintain the highest academic standards in undergraduate teaching.</p>
Course code	Course Name	Course Outcome
PY1131.2	Mechanics s & Properties of Matter(Complementary for Chemistry)	<p>CO 1: Be able to calculate the moment of inertial of rigid bodies</p> <p>CO 2: Understand the different types of waves and show the mecanics of wave propogation</p> <p>CO 3: Understand mecnaiical properties of solids and chatersistics like Youngs Modulus and its determination.</p>
PY1231.2	Thermal physics and statistical mechanic (Complementary for Chemistry)	<p>CO 1: Have a sound understanding about how heat is transferred and he gactors affecting it</p> <p>CO 2: students will be able to determine the temperature of the sun considering heat transfer factors.</p> <p>CO 3: Calculate efficiencies of heat engines</p> <p>CO 4: Familiarise with entropy and various statistical distributions</p>
PY1331.2	Optics, Magnetism & electricity(Complementary for Chemistry)	<p>CO 1: Understand the phenomena of interference and diffraction of light</p> <p>CO 2: Devise experiments using interference and diffractio for the determination of wavelength of light</p> <p>CO 3: Understand the principle and working of lasers and fiber optic communication</p> <p>CO 4: Be able to distinguish between diffenert type of magnetic materials</p> <p>CO 5: Design circuits for LCR, RC and other resonance circuits</p>
PY1431.2	Atomic Physics, Quantum Mechanics& Electronics(Complementary for Chemistry)	<p>CO 1: Understand the concept of Bhor's atom model and properties of the nucleus</p> <p>CO 2: Familiar with the basic concepts of quantum mechanics and predict the wavefunction of a particle in a box</p> <p>CO 3: Study the principal behind spectroscopic tenchniques</p> <p>CO 4: Study the basics of electronics and factors affecting amplifiers</p> <p>CO 5: Able to design gate logics and convert to corresponding Booleian experssions</p>
2018 Admission		
PY 1131.2	Rotational Dynamics and Properties of Matter	<p>CO1:Understand the concept of moment of inertia and to calculate the moment of inertia of rigid bodies</p> <p>CO2: Familiarise with wave motionn and to understand different oscillatory motions.</p> <p>CO3: Understand about the phenomenon surfacetension and to calculate the surface tension using different methods.</p>
PY1231.2	Thermal Physics	<p>CO1: Familiarise with the methods of heat transfer and the factors affecting it</p> <p>CO2: Understand different thermodynamic processes and to derive the effeciencies of different engines like carnot engine, Petrol engine, diesel engine etc.</p> <p>CO3: Understand the concept of antropy and calculation of entropy.</p>

Department of Psychology

Course Code	Title of Courses	Course Outcome
PG 1131.1	SOCIAL BEHAVIOUR AND SOCIAL RELATIONS	CO1: To enable the student to under stand and explain behavior in social settings CO2: To aware the studentsabout the psychological aspects of various social groups
PG 1231.1	SOCIAL COGNITION AND MOTIVATION	CO1:To enable the student to explain the psychological aspects of various social Phenomena CO2: To enable the student to understood behavior in social setting
PG 1331.1	SOCIAL INFLUENCES	CO1:To equip the students with the knowledge about social development CO2:To make aware of the coping behaviour of individuals in social situations
PG 1431.1	APPLIED SOCIAL PSYCHOLOGY	CO1: To update and expand basic social skills relevant to the present social situation. CO2:To Promote the application of psychological principles in society

Department of Islamic History

Programme offered		B.A. Islamic History
Course Code	Title of Courses	Course Outcome
IH 1144	Methodology and Muslim Historiography	<p>CO 1: Identify the main concerns of social science disciplines</p> <p>CO 2: Articulate the basic terminology and theories prevalent across disciplines.</p> <p>CO 3: To introduce Islamic History with its theory and method.</p> <p>CO 4: To familiarise the special features of Muslim historiography and Muslim historians.</p>
IH 1244	Life and Mission of Prophet Muhammad	<p>CO 1: To introduce an awareness among the students in the geography of Arabia, its climate, flora and fauna.</p> <p>CO 2: It also gives an idea of the tribal system, Bedouin life and socio-religious condition of Jahiliyah period.</p> <p>CO 3: To give an idea to the students of the early life of the Prophet, the days of the prophet hood, the opposition of the Quraysh and the migration.</p> <p>CO 4: To provide information regarding the eventful life of Prophet Muhammad after migration to Madinah such as the defensive wars, the new administrative system, the religious teachings and the ideal society formed by the Prophet</p>
IH 1323	Informatics	<p>CO 1: To review the basic concepts & functional knowledge in the field of informatics.</p> <p>CO 2: To create awareness about nature of the emerging digital knowledge society.</p> <p>CO 3: To create awareness about social issues and concerns in the use of digital technology.</p> <p>CO 4: To familiarize students the use of Digital Knowledge Resource in Learning.</p>

IH 1344	Glorious Caliphate and Socio -Political Institutions	<p>CO 1: To introduce the concept of Khilafath.</p> <p>CO 2: To give a clear picture of Administration under the Glorious Caliphate.</p> <p>CO 3: To provide an in-depth knowledge of the Socio-Political Institutions of their period.</p>
IH 1443	The Umayyah and Abbasiyah	<p>CO 1: To familiarise the two dynasties Umayyah and Abbasiyah presented one of the best civilizations the world has witnessed.</p> <p>CO 2: To introduce the students regarding the Umayyah dynasty and its rulers, administration, culture and scientific contributions.</p> <p>CO 3: To impart an idea regarding the Abbasiyah culture existed and its rulers and its administration, Muslim historians and their contributions. glory of Baghdad city, the luminaries lived there and their contribution in art, Science, literature, theology, jurisprudence and architecture.</p>
IH 1444	Muslims in Europe	<p>CO 1: To make aware the students about the conquest of Spain and the achievements of Muslim rule.</p> <p>CO 2: To introduce the students about the intellectual contribution of Muslims & its transmission to Europe.</p> <p>CO 3: To make understand about the petty dynasties after the fall of Umayyabs in Spain.</p>
IH 1541	Muslim World Between 10th and 15th Centuries	<p>CO 1: The students understand that the succession states also made significant contribution to culture, science and literature as in the case of earlier Islamic dynasties.</p> <p>CO 2: The students get the idea that there is a continuity of Islamic culture and administration even after the fall of Abbasids.</p> <p>CO 3: Realises the role of Crusades in the cultural exchange of East and West.</p>

IH 1542	Rise and Fall of the Ottoman Empire	<p>CO 1: To give an idea of the origin and growth of Ottoman state.</p> <p>CO 2: To give an idea of the political, social and cultural life of Ottomans.</p> <p>CO 3: To underline the process of Ottoman downfall and European responses to it.</p> <p>CO 4: To give an awareness of the creation of Turkish republic and the role of Mustafa Kamal Pasha.</p> <p>CO 5: To give an idea of the dismemberment of Ottoman Turkey.</p>
IH 1543	Indian History I (711-1707)	<p>CO 1: To give an idea to the students how various systems and movements emerged during the medieval and modern periods.</p> <p>CO 2: To provide a picture to the students about the progress our country has achieved in literature, art and architecture during the medieval period.</p> <p>CO 3: To give an idea about the Sultanate and Mughal periods.</p> <p>CO 4: To create consciousness among students about the socio -political and cultural changes India has undergone during the Middle Ages..</p>
IH 1544	Indian History II (1707-1947)	<p>CO 1: To give an idea to the students how various systems and movements emerged in India.</p> <p>CO 2: To provide a picture to the students about the progress our country has achieved in literature, art and architecture.</p> <p>CO 3: To develop respect for our great freedom fighters.</p> <p>CO 4: To create consciousness among students with regard to the real value of freedom.</p>

IH 1545	History and Culture of Kerala Muslims	<p>CO 1: The harmonious condition prevailed in Kerala which helped for the growth and development of a composite culture in Kerala.</p> <p>CO 2: The role played by the Mappila community in the anti-colonial agitations and freedom struggle in Malabar.</p> <p>CO 3: The reformation took place in the Muslim community in the early 20th century and the leaders involved in it.</p> <p>CO 4: The cultural and educational contributions made by the community.</p>
IH 1551	Islamic Economics and Banking (Open Course)	<p>CO 1: To introduce an economic system with the objective to achieve of Islamic values.</p> <p>CO 2: Economic well being within the frame work of moral norms of Islam</p> <p>CO 3: Universal brotherhood and justice</p> <p>CO 4: Equitable distribution of wealth</p> <p>CO 5: Freedom of individual within the context of social welfare.</p>
IH 1641	Select Problems of West Asia	<p>CO 1: To give an awareness of the genesis of the major issues in West Asia</p> <p>CO 2: To give a historical perspective of the Socio - political developments in West Asia</p> <p>CO 3: To give knowledge of the issues related with the creation of Israel and Arab response.</p> <p>CO 4: To give a general idea of the development in Egypt, Iraq and Iran.</p> <p>CO 5: To create an awareness regarding the economic and diplomatic importance of the area in relation with India.</p>

IH 1642	Revivalist Movement in Islam	<p>CO 1: To understand the causes of Muslim setback in Modern period.</p> <p>CO 2: To give an awareness of revivalist movement in Arab world and Africa.</p> <p>CO 3: To enable the students to analyse the reform movement in Indian sub continent</p>
IH 1643	Human Rights in Islam	<p>CO 1: To introduce the ideal code of human rights Islam gave fourteen centuries ago.</p> <p>CO 2: To give the idea that human rights in Islam are an integral part of an overall Islamic order.</p> <p>CO 3: To understand that no ruler, government, assembly or authority can curtail or violate the human rights conferred by the creator.</p> <p>CO 4: To arise conscience against violations of the rights.</p>
IH 1644	Islamic Economics	<p>CO 1: Economic well being within the frame work of moral norms of Islam</p> <p>CO 2: Universal brotherhood and justice</p> <p>CO 3: Equitable distribution of wealth</p> <p>CO 4: Freedom of individual within the context of social welfare.</p>
IH 1651	Political Thought in Islam	<p>CO 1: Introduces the principles of Islamic Political theory.</p> <p>CO 2: Understand the method of selection of rulers in Islamic democracy.</p> <p>CO 3: Collect the ideas of the political thinkers of Islam.</p> <p>CO 4: Compare the Islamic political theory with other political ideologies.</p>

IH 1645	Project	<p>CO 1: The course intend to familiarize the students with the research methods in social science</p> <p>CO 2: To enable for the students in their project/dissertation in the sixth semester</p> <p>CO 3: To identify the different methods and techniques applicable to the Islamic History research</p> <p>CO 4: To make the students understand various concepts of research project and preparing the final report.</p>
2018 Admission		
IH 1141	Methodology of Social Sciences and Muslim Historiography	<p>CO 1: Identify the main concerns of social science disciplines</p> <p>CO 2: Articulate the basic terminology and theories prevalent across disciplines.</p> <p>CO 3: To introduce Islamic History with its theory and method.</p> <p>CO 4: To familiarise the special features of Muslim historiography and Muslim historians.</p>
IH 1241	Life and times of Prophet Muhammad	<p>CO 1: To introduce an awareness among the students in the geography of Arabia, its climate, flora and fauna.</p> <p>CO 2: It also gives an idea of the tribal system, Bedouin life and socio-religious condition of Jahiliyah period.</p> <p>CO 3: To give an idea to the students of the early life of the Prophet, the days of the prophet hood, the opposition of the Quraysh and the migration.</p> <p>CO 4: To provide information regarding the eventful life of Prophet Muhammad after migration to Madinah such as the defensive wars, the new administrative system, the religious teachings and the ideal society formed by the Prophet</p>

IH 1321	Informatics	<p>CO 1: To review the basic concepts & functional knowledge in the field of informatics.</p> <p>CO 2: To create awareness about nature of the emerging digital knowledge society.</p> <p>CO 3: To create awareness about social issues and concerns in the use of digital technology.</p> <p>CO 4: To familiarize students the use of Digital Knowledge Resource in Learning.</p>
IH 1341	Polity and Society under Pious Caliphs	<p>CO 1: To introduce the concept of Khilafath.</p> <p>CO 2: To give a clear picture of Administration under the Glorious Caliphate.</p> <p>CO 3: To provide an in-depth knowledge of the Socio-Political Institutions of their period.</p>
IH 1441	The Umayyads of Damascus	<p>CO 1: To introduce the students regarding the Umayyad dynasty and its rulers</p> <p>CO 2: To familiarize the students about the Khilafath and Mulukiyath.</p> <p>CO 3: To provide an in-depth knowledge to students about the Political and cultural contribution of Umayyads</p>
IH 1442	The Abbasiyah Caliphate	<p>CO1: An idea regarding the origin of the Abbasiyah</p> <p>CO2: To understand and highlight intellectual contributions of the Abbasiyah</p> <p>CO3: To understand the different ruling strategies and different petty dynasties.</p>

IH 1541	Islam in Europe	<p>CO 1: To make aware the students about the conquest of Spain and the achievements of Muslim rule.</p> <p>CO 2: To introduce the students about the intellectual contribution of Muslims & its transmission to Europe.</p> <p>CO 3: To make understand about the petty dynasties after the fall of Umayyads in Spain.</p> <p>CO4: The mention about the conquest of sicily by Muslims and their contributions.</p>
IH 1542	Muslim Dynaties Between 10th and 15th Centuries	<p>CO 1: The students understand that the succession states also made significant contribution to culture, science and literature as in the case of earlier Islamic dynasties.</p> <p>CO 2: The students get the idea that there is a continuity of Islamic culture and administration even after the fall of Abbasids.</p> <p>CO 3: Realises the role of Crusades in the cultural exchange of East and West.</p>
IH 1543	The Ottomans and Turkish Republic (1280-1924)	<p>CO 1: To give an idea of the origin and growth of Ottoman state.</p> <p>CO 2: To give an idea of the political, social and cultural life of Ottomans.</p> <p>CO 3: To underline the process of Ottoman downfall and European responses to it.</p> <p>CO 4: To give an awareness of the creation of Turkish republic and the role of Mustafa Kamal Pasha.</p> <p>CO 5: To give an idea of the dismemberment of Ottoman Turkey.</p>

IH 1544	History of Medieval India (710-1526)	CO 1: To give an idea on the origin and spread of Islam in India CO 2: To highlight the development of administration under the Sulthans of Delhi CO 3: To create an awareness among the students about the Socio Political and Cultural changes India has undergone during the middle ages.
IH 1545	Medieval India under the Mughals II (1707-1947)	CO 1: To give an idea to the students how various systems and movements emerged during the Medieval and modern periods. CO 2: To provide a picture to the students about the progress our country has achieved in literature, art and architecture. CO 3: To create consciousness among students about the Socio Political and cultural changes India has undergone during the Mughal Ages.
IH 1551	Islamic Economics and Banking (Open Course)	CO 1: To introduce an economic system with the objective to achieve of Islamic values. CO 2: Economic well being within the frame work of moral norms of Islam CO 3: Universal brotherhood and justice CO 4: Equitable distribution of wealth CO 5: Freedom of individual within the context of social welfare.
IH 1641	West Asia in 19 and 20 centuries	CO 1: To give an awareness of the genesis of the major issues in West Asia CO 2: To give a historical perspective of the Socio - political developments in West Asia CO 3: To make a clear picture on Palestine issue and contemporary issues in West Asia. CO 4: To understand the effects of world wars on West Asia.

IH 1642	Muslims and Freedom Movements of India	<p>CO 1: To give an idea to the students how various systems and Movements emerged in India.</p> <p>CO 2: To develop respect for our great freedom fighters.</p> <p>CO 3: To convince the young generation that anything can be achieved through peaceful means.</p>
IH 1643	Kerala Muslims;History and Culture	<p>CO1: To examine the factors facilitated the Origin and spread of Islams in Kerala</p> <p>CO2: To highlight the role of Mappala Muslims in the Anti colonial struggles.</p>
IH 1644	The contemporary debates on Islam	<p>CO1: To familiarize the contest of the emergence different sects and movements in Islam.</p> <p>CO2: To give an brief idea about revivalist - Reformist movements in Islam</p> <p>CO3: To enable the students to follow the discussion on Human Rights and gender issues in Islam</p>
IH 1651	Major World Religions	<p>CO1: To highlight the harmony and interfaith dialogues</p> <p>CO2: To create an awareness among the students about religious diversity and cultural pluralism.</p>
IH 1645	Project	<p>CO 1: The course intend to familiarize the students with the research methods in social science</p> <p>CO 2: To enable for the students in their project/dissertation in the sixth semester</p> <p>CO 3: To identify the different methods and techniques applicable to the Islamic History research</p> <p>CO 4: To make the students understand various concepts of research project and preparing the final report.</p>

Department of Malayalam

Course Code	Title of Courses	Course Outcome
ML 1111.1	മലയാള കവിത	CO 1: മലയാളകവിതയെ സംബന്ധിച്ച് സാമാന്യജ്ഞാനം വിദ്യാർത്ഥികൾക്കു നൽകുക. CO 2: വിദ്യാർത്ഥി കളിൽ കാവ്യഭിരുചിയും കാവ്യാസ്വാദന താല്പര്യം വളർത്തുക. CO 3: കവിതകളെ വിശകലനം ചെയ്യാൻ അവരെ പ്രാപ്തരാക്കുക
ML 1211.1	ഗദ്യസാഹിത്യം	CO 1: മലയാളഗദ്യസാഹിത്യത്തിലെ പ്രധാന സാഹിത്യരൂപങ്ങളെക്കുറിച്ച് സാമാന്യബോധം നൽകുക. CO 2: തെരഞ്ഞെടുത്ത പാഠങ്ങളുടെ വിശദ പഠനത്തിന് പുറമെ അതത് ഗദ്യങ്ങളുടെ ഉല്പത്തി വികാസത്തെക്കുറിച്ച് അവബോധം നൽകുക CO 3: രചനകളെ സ്വയം വിശകലനത്തിനു വിധേയമാക്കുക.
ML 1311.1	ദൃശ്യകലാസാഹിത്യം	CO 1: കേരളത്തിലെ ദൃശ്യകലാ സംസ്കാരത്തിന്റെ സമ്പന്നതയും വൈവിധ്യവും തിരിച്ചറിയുക. CO 2: കഥകളി, തുള്ളൽ, നാടകം, സിനിമ എന്നീ ദൃശ്യകലകളും അവയ്ക്കു ധാരമായ സാഹിത്യ പാഠങ്ങളും പരിചയപ്പെടുത്തുക
ML 1411.1	വിനിമയം, സർഗാത്മകത	CO 1: ആശയ വിനിമയ ശേഷി വർദ്ധിപ്പിക്കുക CO 2: ഔദ്യോഗിക കാര്യങ്ങളും മറ്റും മലയാളത്തിലൂടെ അവതരിപ്പിക്കാൻ കഴിയുക
ML 1111.2	നോവൽ, നാടകം, സഞ്ചാരസാഹിത്യം	CO 1: മലയാള നോവൽ പ്രാരംഭം, വികാസഘട്ടം CO 2: നാടകം, സാഹിത്യരൂപം, പാരമ്പര്യം CO 3: മലയാളത്തിലെ ആദ്യകാല സഞ്ചാര കൃതികൾ
ML 1121.2	കവിത, കഥ, ഉപന്യാസം	CO 1: മലയാള കവിതയുടെ വികാസ പരിണാമ ഘട്ടങ്ങൾ CO 2: മലയാള ചെറുകഥയുടെ വികാസപരിണാമ ഘട്ടങ്ങൾ CO 3: ഉപന്യാസങ്ങളുടെ ആവിർഭാവം, ഉപന്യാസ ശാഖയെ സമ്പന്നമാക്കിയ എഴുത്തുകാർ.

DEPARTMENT OF ENGLISH

PROGRAMME OFFERED		BA/ BSc ENGLISH
PROGRAMME OUTCOME		<p>PO 1: THE STUDENTS DEMONSTRATE AN ABILITY TO READ AND INTERPRET A DIVERSE RANGE OF LITERARY TEXTS</p> <p>PO 2: THE STUDENTS DEMONSTRATE AN ABILITY TO SPEAK A GLOBALLY INTELLIGIBLE ENGLISH</p> <p>PO 3: THE STUDENTS DEMONSTRATE AN ABILITY TO DESCRIBE A NUMBER OF CONTEMPORARY AND HISTORICAL ISSUES.</p> <p>PO 4: THE STUDENTS DEMONSTRATE KNOWLEDGE OF SPECIFIC WORKS BY MAJOR AUTHORS SUCH AS SHAKESPEARE AND THEIR SIGNIFICANCE</p> <p>PO 5: THE STUDENTS WILL BE EQUIPPED BOTH IN WRITTEN AND SPOKEN COMMUNICATION</p>
COURSE CODE	COURSE NAME	COURSE OUTCOME
<i>EN 1111.1</i>	<i>LANGUAGE SKILLS</i>	<p>CO 1: TO HELP STUDENTS HAVE A GOOD UNDERSTANDING OF MODERN ENGLISH GRAMMAR</p> <p>CO 2: TO ENABLE THEM PRODUCE GRAMMATICALLY AND IDIOMATICALLY CORRECT LANGUAGE.</p> <p>CO 3: TO HELP THEM MINIMISE MOTHER TONGUE INFLUENCE</p>
<i>EN 1121</i>	<i>WRITINGS ON CONTEMPORARY ISSUES</i>	<p>CO 1: TO SENSITIZE STUDENTS TO THE MAJOR ISSUES IN THE SOCIETY AND THE WORLD.</p> <p>CO 2: TO PROVIDE STUDENTS WITH A VARIETY OF PERSPECTIVES ON CONTEMPORARY ISSUES.</p> <p>CO 3: TO ENCOURAGE THEM TO READ LITERARY PLACES CRITICALLY.</p>
<i>EN 1211.1</i>	<i>ENVIRONMENTAL STUDIES AND DISASTER MANAGEMENT</i>	<p>CO 1: TO ENGAGE WITH A WIDE RANGE OF ISSUES IN ENVIRONMENTAL STUDIES AND DISASTER MANAGEMENT</p> <p>CO 2: TO ACQUIRE A SET OF VALUES FOR ENVIRONMENTAL PROTECTION AND CONVERSATION</p> <p>CO 3: TO RECOGNIZE THE ECOLOGICAL BASIS FOR REGIONAL AND GLOBAL ENVIRONMENTAL ISSUES</p> <p>CO 4: TO MANAGE NATURAL DISASTERS AND OTHER EMERGENCY SITUATIONS</p> <p>CO 5: TO DEVELOP A CRITICAL VOCABULARY RELATED TO ENVIRONMENTAL STUDIES</p>

		AND DISASTER MANAGEMENT.
<i>EN 1212.1</i>	<i>ENGLISH GRAMMAR, USAGE AND WRITING</i>	CO 1: TO HELP STUDENTS HAVE A GOOD UNDERSTANDING OF MODERN ENGLISH GRAMMAR CO 2: TO ENABLE THEM PRODUCE GRAMMATICALLY AND IDIOMATICALLY CORRECT LANGUAGE. CO 3: TO HELP THEM MINIMISE MOTHER TONGUE INFLUENCE
<i>EN 1311.1</i>	<i>WRITING AND PRESENTATION SKILLS</i>	CO 1: UNDERSTANDS THE MECHANISM OF BUSINESS AND ACADEMIC WRITING CO 2: RECOGNIZES THE DIFFERENT MODES OF WRITING CO 3: IMPROVES REFERENCE SKILLS NOTE MAKING AND DOCUMENTATION OF DATA AND MATERIALS.
<i>EN 1411.1</i>	<i>READING IN LITERATURE</i>	CO 1: TO SENSITIZE STUDENTS TO THE AESTHETIC, CULTURAL AND SOCIAL ASPECTS OF LITERATURE. CO 2: TO HELP THEM ANALYZE AND APPRECIATE LITERARY TEXTS. CO 3: TO LOOK AT BEST PIECES OF LITERARY WRITING CRITICALLY AND LEARN THE LANGUAGE THROUGH LITERATURE. CO 4: TO ANALYZE LITERATURE AS A CULTURAL AND INTERACTIVE PHENOMENON.
