

Snehanidhi

Students always find ways to support their society. They participate in charity work to extend their love and kindness to others unconditionally, which is a conscious act, but the decision is made by the heart, without expecting a reward. **Snehanidhi** is a charity programme made by our students to support the society. The programme launched after the social survey conducted by NSS volunteers during the special seven-day camp 2016-17. The charity programme was formally inaugurated by College Principal Sri A.H.Badarudeen and on 23rd March 2017, the first donation was made by the NSS programme officer Sri. Asseem J. As part of the snehanidhi programme, the NSS unit adopted **a gram-panchayath ward (details)** and donate a sum, which is collected from the students in every weak to the weaker sections (poor people) of the gram-panchayath ward.
