

NATURE CLUB REPORT 2015-2016

The club members comprised of 18 students. A two day camp was organised on 25.1.2015 and 31.1.2015 respectively. Other than pea and ladyfinger this year students cultivated cucurbita, tomato, guard, chilly and beans. The specified area was dugged and fertilised for the plantation of the mentioned above. The club members were active enough to water the plants in morning and evening.
