2. World Aids Day Observance- Poster Competition (02-12-2019)

The theme of this year's World AIDS Day is "Communities make the difference".

The commemoration of World AIDS Day, which will take place on 1 December 2019, is an important opportunity to recognize the essential role that communities have played and continue to play in the AIDS response at the international, national and local levels.

Communities contribute to the AIDS response in many different ways. Their leadership and advocacy ensure that the response remains relevant and grounded, keeping people at the centre and leaving no one behind. Communities include peer educators, networks of people living with or affected by HIV, such as gay men and other men who have sex with men, people who inject drugs and sex workers, women and young people, counsellors, community health workers, door-to-door service providers, civil society organizations and grass-roots activists.

World AIDS Day offers an important platform to highlight the role of communities at a time when reduced funding and a shrinking space for civil society are putting the sustainability of services and advocacy efforts in jeopardy. Greater mobilization of communities is urgently required to address the barriers that stop communities delivering services, including restrictions on registration and an absence of social contracting modalities. The strong advocacy role played by communities is needed more than ever to ensure that AIDS remains on the political agenda, that human rights are respected and that decision-makers and implementers are held accountable.

As part of World Aids Day observance, a poster competition was conducted in the college. NSS volunteers are actively participated in the programme.

3. Blood Donation Camp (03-03-2020)

Second blood donation camp of the year 2019-20 was organized by Red Ribbon Club in association with National Service Scheme Unit of Mannaniya College and All Kerala Blood Donor Society. The medical team including one doctor, four nurses and 3 other staffs came for collection for blood. Dr P Nazeer, Principal inaugurated the program and other staffs were also present at the occasion. The activity of blood donation was started by volunteers. There was an overwhelming response from students. A total of 54 persons registered in the camp. Out of these, 30 persons donated blood. It included 23 males and seven females. A certificate of appreciation and refreshment was given to each donor as token of gratitude.
